BIOLOGICAL PSYCHOLOGY

Author Index

Adams, D., see Hucklebridge, F.H., et al.
Alho, R., see Paavilainen, P., et al.
Ambro, A., see Csibra, G., et al.
Arroyo, C., see Galbraith, G.C. and Arroyo, C.

Bagiella, E., see Sloan, R.P., et al.
Benchetrit, G., see Blanc-Gras, N., et al.
Bigger, J.T., see Sloan, R.P., et al.
Black, S.L., and Smith, D.G., Has odor conditioning been demonstrated? A critique of 'unconscious odor conditioning in human subjects', 265
Blanc-Gras, N., Esteve, F., Benchetrit, G., and Gallego, J., Performance and learning during voluntary control of breath patterns, 147
Boni, S.M., see Sloan, R.P., et al.
Brody, S., see Droste, C., et al.

Caplan, D., Reply to Taylor and Taylor's review of Caplan 'Language: Structure, processing and disorders', 89
Clow, A., see Hucklebridge, F.H., et al.
Csibra, G., Czigler, I., and Ambro, A., Effects of stimulus alternation, repetition and response requirements on event-related potentials to patterned visual stimuli, 115
Czigler, I., see Csibra, G., et al.

Droste, C., Kardos, A., Brody, S., Greenlee, M.W., Roskamm, H., and Rau, H., Baroreceptor stimulation: Pain perception and sensory thresholds, 101

Esteve, F., see Blanc-Gras, N., et al.
Evans, P., see Hucklebridge, F.H., et al.

Finlay, D., see Quayle, A., et al.
Furedy, J.J., Book review, 177

Galbraith, G.C., and Arroyo, C., Selective attention and brainstem frequency-following responses, 3
Gallego, J., see Blanc-Gras, N., et al.
Geisler, M.W., and Polich, J., P300 is unaffected by glucose increase, 235
Glover, V., see Hucklebridge, F.H., et al.
Gorman, J.M., see Sloan, R.P., et al.
Greenlee, M.W., see Droste, C., et al.
